

TRIBUTE®

ADVANCE™ PASTE

An oral paste supplement formulated for horses of all ages.

PRODUCT CODE: 9008
SIZE: 32 cc per tube

FOALS:

- Provides critical nutrients for foals suffering from nutrition-related developmental orthopedic disease (DOD).
- Supplies nutrients that may be deficient in mare's milk for faster-growing foals, who have a greater risk for DOD.
- Probiotics to support early establishment of beneficial gut microbes in the foal.

PERFORMANCE HORSES:

- Higher levels of Vitamins A, E and C – antioxidants shown to support immunity.

Provides an encapsulated **direct-fed microbial**, which:

- May aid in the digestion and absorption of nutrients.
- Shown to create a protective barrier against pathogenic microorganisms.
- Can positively affect the immune system.

BENEFICIAL DURING STRESS:

- at weaning
- after treatment with antibiotics
- during transport or regrouping of horses
- with diarrhea – stress-related or foal-heat
- when recovering from disease or surgery
- when feed is changed abruptly

GUARANTEED ANALYSIS (PER 3 CC):

Vitamin A (Min)	4,000 IU
Vitamin D (Min)	400 IU
Vitamin E (Min)	200 IU
Vitamin C (Min)	100 mg
Biotin (Min)	30 mg
Choline (Min)	25 mg
Selenium (Min)	0.25 mg
Niacin (Min)	17 mg
Riboflavin (Min)	15 mg
Pantothenic Acid (Min)	12 mg
Zinc (Min)	10 mg
Thiamine (Min)	9 mg
Copper (Min)	4 mg
Folic Acid (Min)	1.5 mg
Direct-Fed Microorganisms (Min)	1 billion CFU

INGREDIENTS:

Soy Oil, Vitamin E Supplement, Dried Egg, Ascorbic Acid, Silicon Dioxide, Dried Enterococcus faecium Fermentation Product, Zinc Proteinate, Choline Chloride, Anise Oil, Biotin, Copper Proteinate, Riboflavin Supplement, Niacinamide, d-Calcium Pantothenate, Sorbitan Monostearate, Sodium Selenite, Thiamine Hydrochloride, Vitamin A Acetate, Folic Acid, and Vitamin D3 Supplement.

FEEDING DIRECTIONS:

NEWBORN FOALS:

Give 3 cc of Advance™ Paste per 100 pounds of body weight once a day starting at one week of age. Continue using Advance™ Paste, as directed above, until the foal is consuming recommended amount of Mare Replacer Powder® or Foal Foundation.

ALL HORSES:

Give 3 cc of Advance™ Paste per 100 pounds of body weight per day during times of stress (evidence of developmental orthopedic disease, intestinal stress, illness, transport or antibiotic therapy, etc).
