SILHOUETTE

Fiber/protein-rich mix to stay in shape or lose weight healthily

Usage:

Easy keepers (Sport) horses, ponies
Overweight (sport) horses, ponies

Safe and healthy weight loss

In limiting energy intake, it is crucial to meet the need for essential nutrients such as protein, vitamins and minerals.

Lose fat, not muscles

Contains **high-quality, easily digestible proteins** with an amino-acid profile close to that of the horse's muscles. This ensures muscle retention in the event of weight loss.

Low in starch 6% and sugar 5% - low caloric intake | energy from fibre

In addition to limiting feed intake, increase the intensity of exercise for the most efficient result.

Note: be sure to also check the nutritional profile of roughage.
