

THE FORMULA FOR SUCCESS®

# Staminoats®

Staminoats® has long been the recognized measure of premium pelleted equine feeds. Developed with the commercial breeding farm in mind, Staminoats is equally effective in maintaining gestating or lactating broodmares and providing required nutrients to growing young horses.

The ½ inch pellets are easy to feed, and they're perfect for outdoor use, where waste is a concern. The pellets are ideal for winter feeding when textured rations can harden and in summer when sticky, molasses-based feeds can attract insects.

## Feeding Instructions

This feed is a fully fortified ration. It is not necessary to add additional protein, vitamin or mineral supplements if this feed is fed as directed. Feed at a rate of 6-18 pounds per day depending on size, body condition or reproductive status of the horse. If feeding less than recommended feeding rate, please contact Hallway Feeds to consult about the use of Kentucky Mare Cubes or Stamm 30® to balance the diet. This feed is designed to be offered alongside forage to provide a balanced diet and should be fed with a minimum of 1.5% of bodyweight per day of high quality forage (hay, pasture, hay cubes). Always provide a clean, fresh source of water and free choice salt.

- FORMULATED FOR YOUNG HORSE DEVELOPMENT AND MATURE HORSE MAINTENANCE
- NUTRIENT DENSE CUBED FEED
- UNCOMPLICATED, EFFICIENT AND VERSATILE APPLICATIONS

## NUTRITIONAL ANALYSIS

PROTEIN	14%
FAT	3%
FIBER	11%
