

Keyflow® Sensi-Care®

Pre-digested Palatable Soothing Muesli

Perfect for:

- Confidently feeding to horses and ponies prone to gastric ulcers
- Soothing and settling nutrition for sensitive, stressy types and those with erratic behaviour
- Building condition for horses and ponies struggling to maintain weight
- Tempting fussy feeders or those lacking appetite
- Tricky horses and ponies which are susceptible to tying-up
- Safe weight gain for horses and ponies prone to laminitis or with PPID (Cushing's)
- Supporting quality muscle development and repair

Key Points:

- Free from cereal grains
- High in multi-source fiber to support a diverse microbiome
- Very low sugar and starch
- Non-heating cool condition builder
- Protexin® probiotics in-feed-formula to increase beneficial microflora
- Prebiotics to target and remove unwanted bacteria
- Added Omega 3 fatty acids (ALA) for all round health and vitality
- Elevated levels of antioxidants
- Coconut flavoring to tempt the fussiest and pickiest eaters
- Free from molasses
- Concentrated formulation, you can feed less but keep your horse in great condition
- Mixes perfectly with our market leading Pink Mash®

Product Summary

Keyflow® Sensi-Care® is a non-heating, palatable cereal-free complete feed, with low levels of sugar and starch; an ideal choice for a wide range of horses and ponies, especially sensitive types, fussy eaters or those needing condition. This scientifically-formulated ration ensures optimum digestion through the latest feed technologies, including wet steam extrusion and micronization, creating a product which is highly sympathetic to the digestive system. Protexin® probiotic in-feed-formula, prebiotics and multi-source fiber combine to support a healthy microbial environment by restoring and nurturing beneficial bacteria. Our unique EQ-Complete Protein™ provides carefully profiled amino acids which match the composition of equine soft tissue and bone, promoting superb muscle development and repair. Omega-3 fatty acids and balanced levels of vitamins and chelated minerals are included to benefit general wellbeing, coat quality and shine. Sensi-Care® is a comprehensive feed which provides soothing nutrition for the fussiest and most difficult horses to feed.

Ingredients

Steam extruded fiber, protein and omega 3 meals (including soya hulls, grass, stabilized rice bran, beet pulp, linseed, cold pressed rapeseed, full fat soya), micronized protein (including soya and pea), chopped grass, sunflower seeds, cold pressed rapeseed oil, heat stable vitamins and chelated minerals, prebiotics and probiotics.

Starch	8%
Ash	8.5%

Daily Feeding Guide

For normal health and maintenance or for horses and ponies in low to medium work: .44 lbs of Sensi-Care per 100 lbs of bodyweight.

Horses in harder work or those which require an increase in healthy body condition: .44 lbs to .8 lbs of Sensi-Care per 100 lbs of bodyweight.

Always provide fresh, clean water. Combine with forage/fiber totaling 1.5%-2% of the horses bodyweight.

Feeding rates above are a guide only.
