**Feeding Directions:**

Triple Crown Safe Starch Fortified Forage is an all-in-one diet for mature horses. No other hay, pasture, or mineral and vitamin supplement is required to provide your horse a complete and balanced diet. Feed Triple Crown Safe Starch Fortified Forage to mature horses at a rate that maintains desired body condition. Begin with approximately 2% of body weight (20 lb. for a 1,000 lb. horse) and adjust up or down, depending upon the individual horse’s body condition. You want to feed a minimum of 1% of body weight. Provide access to salt and fresh, clean water at all times.

**NOTE:** Provide plenty of fresh, clean water at all times. Keep product fresh in cool, dry storage. Examine product daily. DO NOT use if old or contaminated with mold, insects or foreign material.
